Keyless Entry for Your Property
Mobile Key

INTELITY

Overview

INTELITY's Mobile Key solution provides your guests with simple and secure access to guest rooms and public areas. Guests can use their mobile device as their room key, giving them more control over their stay while giving you additional insight into guest behavior. Mobile Key provides a contactless, safe, and secure solution for your property that reduces the costs associated with physical key production, cleaning, and management, and keeps your guests delighted.

1 *Download Property App*

2 *Import/Confirm Reservation*

3 *Access, Use, & Share Mobile Key*

Benefits

- *Part of a contactless Mobile Check-In experience*
- *Available in branded app or as part of SDK*
