

Empower Your Guests & Staff

Unified Hospitality Platform

Technology that seamlessly connects guests with staff and offers them instant access to services and amenities is no longer a luxury, it's a must-have. As innovative leaders in digital hotel technology, INTELITY offers the most robust, flexible and scalable hospitality platform that helps hoteliers deliver superior guest experiences, streamline daily operations and increase revenue.

INTELITY's comprehensive platform integrates with over 150 industry leading software and hardware solutions, including PMS, POS, and ticketing, to simplify complexity and provide a fully-connected tech stack.

How INTELITY Can Help

- Offer guests a truly mobile experience via mobile app, mobile key and smart tablets
- Equip staff with data insights to enhance guest stay
- Improve service requests workflow
- Manage digital content in real time
- Personalize offers and services
- Get support at every stage of your hotel's digital transition
